Heathgate Medical Practice

Travel service questionnaire

Thank you for your interest in the NHS travel service we provide. Using the NHS 'fit for travel' website, we provide NHS vaccinations that are recommended and required for safe travel to your chosen destination. We may direct you to where you will be able to source other private vaccinations/medication that may be recommended. We are unable to provide specific travel advice - for this you may have to consider a private travel clinic.

Ahead of your appointment with the nurse, please visit www.fitfortravel.nhs.uk to review the travel guidance the NHS recommends.

Please return this form to the Practice at least 7 days before your appointment. (One form for each traveller).

Name	**Date of birth**
Telephone **Mobile**	**E Mail**

Details of your trip (please be specific)

Date of departure	
Type of trip	Holiday/Business/Volunteer/Pilgrimage Hotel/Cruise/Camping/Backpacking/Hostel/Family

Country	**Region**	**Rural or urban**	**Duration**

Vaccination record

Most of your previous vaccinations should be recorded in your medical record. Please detail below any vaccinations you may have had outside the NHS at private travel clinics (include dates and types of vaccination).

For Practice Use – Travel assessment by the nursing team

Recommended	**Last date**	**Tick if Required**	**By the GP signing here this acts as a PSD to administer the vaccinations if not covered by NHS Patient Group Directions.**
			GP Name **Date**
